2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

In this economy, with retirement funds dwindling, job losses, people losing their homes, and families barely getting by, this increase would cause a greater economic struggle to many in our state. With big oil companies and utilities already making record profits, why do they need the increase? We are not able to go to the SEC and request an increase in the value of our annuities or equity funds, they would laugh in our face if we told them we need an increase, especially if we made much more than we spend in the 2nd quarter of this year. Duke had 2nd quarter profits of \$400 million, it would be a slap in the face to get such an increase in rates in these economic times.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
(This section should be completed.)

I would love to make the trip, but I'm disabled.
